2. PRE-COMPETITION PROCEDURE

2.1. Advanced Payment

Two months before the opening ceremony of the FISU World University Games , countries entering Rowing must confirm their participation with an advanced payment of 50% of the participation fees per entered athlete and official.

The advanced payment shall be directly collected by the Organising Committee.

2.2. Selection

Should the number of crews taking part in an event exceed the number of available starting positions, a progression system or time trials shall be applied.

2.3. Draw and Seeding

In each event, there shall be a two-hour interval between two rounds. The progression systems to be used during the regattas of the FISU World University Games shall be prescribed in the FISA Rules of Racing (the By-Laws to Rule 62 and Appendix 3).

The draw for the first round of heats shall take place during the General Technical Meeting to be held, in principle, on the day before the first heat. The draw shall be random.

If an event has less than seven entries at the time of the draw, there shall be a preliminary race to determine the lanes for the final.

The draw shall be carried out using the software used by the official timing provider of the event.

If a crew withdraws after the draw up until one hour before the start of the first heat and if the number of crews remaining in the event involves another variant of the heats and repechages, or if such withdrawal results in an avoidable imbalance between the number of crews in each heat, FISU Technical Committee Chair shall hold a new draw.
